

Strengthen the quality of workplace assessment.

Moderation Training Course

Unit Standard 11551 (v7) | Level 5 | 10 Credits

This course is designed for experienced assessors looking to build their skill, knowledge, and confidence in moderating assessment practices in the workplace. Learn to ensure fair, valid, and consistent assessment results through effective moderation processes.

Course Topics Include

Introduction to Moderation

- What is moderation?
- Good practice principles
- Pre- and post-assessment moderation
- Internal vs. external moderation

Understanding Standards

- Unit standard and skill standard components
- Outcomes and range statements
- What standards mean for pre- and post-assessment moderation

Moderate Assessment Materials

- Moderating materials against the standard
- Evaluating candidate and assessor guidance materials
- Providing constructive feedback to improve assessment tools

Moderate Assessor Decisions

- Ensuring assessor judgements align with standards and materials
- Reviewing assessor feedback and learner samples
- Supporting quality assessment practice through moderation

Moderation Administration

- Recording and reporting moderation results
- Implementing improvements in moderation processes
- Meeting all post-moderation responsibilities

Flexible delivery options

Accessible, self-paced learning that fits around work commitments - supported by one of our experienced facilitators to ensure effective learning transfer and real-world application.

Learning outcomes

Aligned with Unit Standard 11551 v7 - Moderate assessment, participants will be able to:

- Explain the purposes and principles of moderation
- Moderate assessment materials
- Moderate assessor decisions
- Complete moderation administration tasks

Investment

\$429.00 + GST per person.

On successful completion, learners are awarded NZQA Unit Standard 11551 (v7) | (Level 5) | 10 Credits
